Hello and a lovely welcome to worship!

It has been exciting getting back together for worship in our building. Love is in the air along with extreme care. Just want you to know if you haven't been able to come back to worship yet, that we are thinking of you. We love you and miss you and can't wait till the time we are all back together like it used to be. For now though, we want you to know that you matter and that we love you. If you need help in any way, let us know.

I want to take a moment to contrast a tent from a house. If you have ever tent camped then you have noticed significant differences in a tent from your house. One of the main things that you have noticed in a tent is that they are not as comfy as your house. Your house has certain things that your tent does not. First, is the bathroom situation. I have never seen a bathroom in a tent. Maybe we need to invent one. If you need to use the rest room or take a shower, you have to leave the tent for the comfort of both of these. I guarantee the place you go will not have the comforts of your house. You will also notice, (especially the women) that there is no kitchen. There is no refrigerator, oven, dishwasher or running water for that matter. You do your cooking and cleaning outside the tent. If you are someone who enjoys sleeping, then you will notice a significant difference between your bed at home and your tent bed. I don't think I have ever had a successful night's sleep in the tents I have stayed in. Tents in storms aren't the same as houses in storms either. Tents can get scary in a storm. One last thing before I move on. The temperature never seems to be like it is in your house. It is either, too cold or too hot. It is either to muggy or too dry. Some of these discomforts could cause a person to groan. Having said all this. The Lord calls what we have right now as a body a tent in 2Cor. 5:1-2. Listen to what He says, "For we know that if the tent that is our earthly home is destroyed, we have a building from God, a house not made with hands, eternal in the heavens. For in this tent we groan, longing to put on our heavenly dwelling." This house we have right now will one day be replaced with a house not made with hands. We have discomforts living in this tent. Living in this tent has its time of groaning. One day, in our house not made with hands, everything is going to be just right. No more groaning. No more discomforts. The temperature will be perfect. The comfort will be perfect as well. This new house will have the perfect fit for heaven. Knowing this, keep your eyes on your new house and long for your new house.

#### Does Prayer really work?

How many every day burdens do we carry instead of turning those burdens over to God.

Paul writes to the Christians in Philippi concerning being anxious;

Philippians 4: 6-7

*In nothing be anxious; but in everything by prayer and supplication with thanksgiving let your requests be made known unto God. And the peace of God, which passeth all understanding, shall guard your hearts and your thoughts in Christ Jesus.*

It is never to late to improve our prayer life. God wants and expects us to turn our daily burdens over to him. Start your day with prayer and end your day with prayer. You will soon find that your burdens have been lifted.

God Bless You!

Pat, Michael, & Eddy
